

Name of Activity:- Making the right choice (print each one on a separate card/sheet)

Type of Activity: - Pairs/Group. Suitable for 11-15 year old

Learning points:- This activity is design to introduce pupils to the different roles of NHS staff. Do you know the full range of staff that are available to help in the NHS? This activity allows pupils to look at simple health issues and match them to the best health professional that may help.

Illnesses (print all on separate A4 sheet – big enough to fill A4 landscape)

- Cough or cold
- Infected eye
- Toothache
- Vaccination for children
- Fall where you think you may have sprained an ankle
- Fall where you have hit your head
- Stop Smoking
- Bee Sting/insect bite
- Blood pressure check

Service- (print all on separate A4 sheet – big enough to fill A4 landscape)

- Pharmacist
- Hospital
- Dr Surgery
- Dentist
- Optician
- Nurse in GP surgery
